

MISS KAMAKEA MAGOON BECOMES MRS. ANDERSON

MISS KAMAKEA MAGOON, NOW MRS. ANDERSON

Standing under the folds of the Scudder, pastor of Central Union American and Hawaiian flags, Miss Kameakea Magoon and her brother, John Henry Magoon, appeared as best man. The bride was given away by her father.

At the wedding feast which followed, Prince and Princess Kalaniana'ole had seats of honor near the bride and bridegroom. A Hawaiian orchestra played Hawaiian airs during the supper, at the conclusion of which the bride and bridegroom departed upon their honeymoon.

On their return they will be at home in a bungalow the gift of the bride's parents.

MR. HARMON ANDERSON

The bride was attended by her sister, Miss Magoon, and her brother, John Henry Magoon, appeared as best man. The bride was given away by her father.

At the wedding feast which followed, Prince and Princess Kalaniana'ole had seats of honor near the bride and bridegroom. A Hawaiian orchestra played Hawaiian airs during the supper, at the conclusion of which the bride and bridegroom departed upon their honeymoon.

On their return they will be at home in a bungalow the gift of the bride's parents.

WOMEN PLANNING ACTIVITIES IN FALL

Meeting Held in Waikiki District to Formulate Program

As the members of the Out Door Circle of Kilauea Art League are divided into separate groups, consisting of ladies in the different parts of the city, those in the Waikiki district were asked to meet last Monday morning at the home of Mrs. Alexander Young on Kalia Road. It may be said here that this committee has nothing to do with the parking of Kilauea Avenue, as the Waikiki district includes only the territory from Lewers Road to Diamond Head.

Some time ago Mrs. F. J. Lowrey the chairman of the Out Door Circle, appointed Miss Bertha Young chairman of the Waikiki district, and at the meeting on Monday morning the other officers were elected, and the executive committee was appointed.

AMUSEMENTS

DIVING VENUS IS LIBERTY PICTURE

The last few programs at the Liberty theater have shown a marked improvement in the subject of moving pictures, and last night's change of pictures comprised doubtless the best seen at this theater since the "Homer Odyssey" film, the feature being the first appearance in animated photography of Annette Kellermann, "the diving Venus", and, while the picture does not give as much exhibition of her aquatic capabilities as might be desired, several surprises are sprung in the way of high diving, etc., that greatly pleased. Another picture deserving of mention was the one of San Francisco taken on the day of breaking ground for the Panama-Pacific fair. This picture shows the familiar trip from Oakland to San Francisco, a ride up Market street, and numerous other scenes in the neighboring city.

The vaudeville acts presented several changes that pleased and these, together with the excellent picture program, makes the show well worth while.

Mrs. F. W. Macfarlane was made treasurer and Mrs. Rudolph J. Buchly, secretary.

Although there were very few present at the meeting the gathering was most enthusiastic, and while no planning will be done until the fall, the committee is anxious to begin its work and many plans are being formulated.

In the meantime, the coco palms on Kilauea Avenue are taking root in their new location, and little monkey pod trees planted at Aala Park when the Circle was in its infancy, are putting forth new leaves every day and giving a hint of what may be expected in the future in those and other localities. The members of the Circle are not talking much for publication; they claim to be busy with plans at present, though unmistakable evidence of their work is to be found throughout the city. In some places vacant lots, formerly neighborhood refuse piles, have been cleaned up and made more sightly. This is always an incentive to the householders to tidy his own place. Some unsightly disfigurements have been done away with in different localities, and altogether more has been done toward the accomplishment of civic beauty for Honolulu than appears to the casual observer.

WOMEN SUFFRAGISTS TO STUDY POLITICS

Delegation from California Say They Are in Chicago to Learn Practically

CHICAGO, June 15.—Miss Margaret Williams, who spoke for a score of California women who accompanied the two women delegates from the Golden State to the convention, today declared the women suffragists were more interested in studying politics than they were in gaining admission to the convention.

"We have just been given the right to vote," said Miss Williams, "and of course we are excited about it. We would all like to be admitted into the convention hall, but that is only a side issue with us. We are here primarily to mingle with politicians and to learn politics, and we can study that without seeing the real excitement of the convention hall. As many of us as can gain admission, of course, will be in the Coliseum when the nomination for President is made, and those who are fortunate enough to be there will tell the rest of us about it."

KOREAN PASTOR DIES

Rev. C. T. Choi, the Korean pastor at Spreckelsville, Maui, died this week about 35 years of age. Rev. J. W. Wadman, superintendent of Methodist missions, conducted the funeral services yesterday. When a pastor on the Island of Hawaii some time ago, Mr. Choi fell off his horse and sustained an injury to his side from which he never recovered. His wife and three children came here to join him only six months ago.

Photo-Engraving of highest grade can be secured from the Star-Bulletin Photo-Engraving Plant.

IMPRESSED QUEEN WITH "HOUN" DOG" SONG

Dode Canfield the rising young comedienne of the Juvenile Bostonians, is one of those odd characters who can be funny to order because she is by nature as full of old Nick as an egg is of meat. The girls in the company enjoy her performance quite as much on the stage as do the audience and she has to be restrained frequently by the admonition of Mrs. Lang.

Much of her stage business is original and she does not have to be taught what to do to make the audience feel as though they have had the worth of their money. Dode has not reached the age of thirteen and at her age she is, probably, one of the most versatile members of the company. She made her impression on Queen Liliuokalani by singing "The Houn Dog."

An exception to most of the companies playing here is the absence of wall flowers in the Juvenile Bostonians. Practically they are all stars; among the chorus girls you find those who may be called upon at any time to take the characters played nightly by those who are known in the profession as "leads" and Honolulu never has had an aggregation that had as many young and pretty girls who could dance so well.

In "The Dream Girl" which will be played at the opera house Tuesday night, there are many opportunities for this part of the show and it will be enjoyable. There will be a number of new songs introduced for the occasion and the girls' home-coming should be made an event. The seats, which may be reserved for fifty cents are to be on sale at the Promotion Rooms on Monday.

DIABETES

It was not easy for us to believe that Diabetes is curable, but the first case we came in personal touch with was astonishingly convincing.

We were considering the purchase of Fulton's Compound and were looking for cases to try them out on. One of our number knew Charles A. Newton, the Yardmaster of the S. P. R. R. Co. at Sacramento—a very worthy man. He also knew that Newton had Diabetes and was in a hospital in the Capitol City, and that his recovery seemed impossible when he last heard from him. A letter was written to Newton that Fulton claimed his Diabetes Compound cured Diabetes and that we wanted to know from QUR friends if this was so, and that if he (Newton) would take it that we would send him a supply of it. Newton replied to the effect that some four or five months before we wrote him he had heard about the compound, had taken it, that the sugar was nearly out and he was almost well. His complete recovery followed, and he told an S. P. engineer who had Diabetes and he recovered.

(The best results are had in cases of middle age and over.)

Fulton's Diabetes Compound can be had at Honolulu Drug Co. Ask for pamphlet or write Jno. J. Fulton Co., San Francisco. We desire patients to write us not improving by third week.

WOMEN'S CLUBS IN NOTABLE CONVENTION

Time Approaching When Local Delegates Will Be Sent Annually

For weeks the newspapers on the mainland have given much space to the plans of and preparations for the eleventh biennial of the Great Federation for Women's Clubs in America. The last convention was held in Cincinnati and there it was decided that the meeting in 1912 should be held in the City by the Golden Gate. Delegates to the Convention have been flocking to San Francisco since the early part of June. On the twenty-fifth, the opening day, the Women's Clubs in California held a reception for the visiting ladies at the Palace Hotel, the scene of the convention. "Never in the history of the big Pavilion have the decorative effects been as tasteful and elaborate as those seen by the delegates when they entered the great halls," says the San Francisco Chronicle. The whole pavilion was given a semi-tropical effect by greens and spring flowers. The convention was opened at eight thirty o'clock, by Mrs. Phillips Moore, president of the General Federation of Women's Clubs, and during the evening representatives from the different states spoke to a gathering of more than three thousand women. The days of the convention will be devoted to the reading of reports, election of officers and the forming of plans for the coming two years.

This is the eleventh biennial of the Women's Federation in America and every state in the Union has its delegates present at the convention. The women's clubs in Hawaii are still in their infancy, but no doubt there will be representatives at the thirteenth or at latest the fourteenth biennial from the Paradise of the Pacific, as the interest in the work of the Women's clubs is growing every day.

A Skin of Beauty is a Joy Forever

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

"Gouraud's Cream" is the most beautiful of all the skin preparations. It is made by all druggists and fancy goods dealers in the United States, Canada and Europe.

AVIATION STATION FOR THE ARMY IN NEW YORK CITY

Governor's Island Selected by Department Site to Operate Hydro-Aeroplanes

Hydro-aeroplane aviators of the United States army will make their headquarters at Governor's Island, says the Telegram. Announcement is made at Washington, D. C., today that Governor's Island has been selected as the site for the first hydro-aeroplane station. It will be designated as a branch of the aeroplane station at College Park, Md. Lieutenant Frank M. Kennedy, who for a month has been drilling in the use of hydro-aeroplanes at the factory of the Glenn Curtiss Company, at Hammondsport, will be in charge. Mechanics will be brought here soon.

Recent demonstrations show that the use of the hydro-aeroplane is invaluable to the coast artillery service. The twelve experienced aeroplane aviators in the service of the government will be detailed immediately to master the art of navigating the land and water machine. Within two years the hydro-aeroplane will be included in the equipment of the coast artillery. The aviators will obtain most of their experience flying up and down the Hudson River and around the lower bay. Trips on and above the water to Sandy Hook and the government reservation on the Sound will be made. The recent exhibition of Frank B. Coffyn in a hydro-aeroplane in the North River indicate to the army officials that this body of water affords an excellent course for the aviators to use in training.

Hydro-aeroplanes, army officers believe, could be of inestimable value in the coast defense service at the Panama Canal. They are capable of flights within a radius of one hundred miles. The surf affects the machines but little. The pontoons that keep them afloat can be adjusted to a machine in two hours and removed in less time.

Noeau an Independence Day Arrival. Fourth of July was not prolific in arrivals among coastwise vessels. The steamer Noeau from Kauai ports was an arrival yesterday morning with a few passengers and island products, including 75 sacks potatoes, and 15 packages sundries. According to report from the officers there is no sugar at Kilauea.

Everything in the printing line at Star-Bulletin, Alakea street; branch, Merchant street.
